Choice Brand Marketing Inc. is pleased to present our **SELECT PORTFOLIO**. The products within our **SELECT PORTFOLIO** have been chosen based on a strict criteria of product prerequisites including:

These products are made in North America to assure the highest quality as well as timely and prompt production time frames and delivery.

The products are individually designed and engineered by experts in their field.

A wide range of raw materials are readily available within each market to provide a wide range of pricing and design options.

The pricing for products within the **SELECT PORTFOLIO** will reflect the quality of the raw materials utilized as well as the expertise and skills of the individual craftspeople that have been tasked with fabricating your designs and products.

# SELECT PORTFOLIO FEATURES

Your project may be assembled using box joint construction or other methods which are dictated by your design requirements.

Our Inset Lid and Hinged boxes feature unique pewter finished twists and buttons.

**Branding** is burned into the wood as a deboss using a 20 ton machine which produces high quality detailed images. This offers presentation up to 10" x 15" images.

This process 'cauterizes' the wood and permits for oiling or staining as an option.

**Laser engraving** (see above) 'cuts' the wood and is generally not suitable for staining as the stain will bleed into the wood grain.
